

MATTEO R. GRECO

Data Scientist • Economist

+41 78 670 0791
matteor.greco@gmail.com
matteo-greco
Italian Citizenship - C Permit

Skills

Data processing: database structures, data visualization, pattern recognition, pipeline productionalization, resources optimization

Statistics: causal inference, A/B testing, MonteCarlo simulation, bootstrapping, maximum likelihood, matching, synthetic control, difference-in-differences, DML

Machine Learning: supervised and unsupervised models, NLP, recommender systems

Data Architecture: Azure ML APIs and Pipelines deployment, ML products architecture

Agile: Certified SAFe product owner

Toolbox

Github • Azure DevOps • Azure ML

Azure Databricks • Azure Data Factory

Jira • Confluence • MS Office

Tableau

Coding

Python: numpy, scipy, pandas, sklearn, XGBoost, LightGBM, pytorch, flaml, EconML, pytest, Azure SDK V2

PySpark: PySpark SQL, MLLib

R: tidyverse, dplyr, data.table, ggplot2

Misc: yaml, LaTeX

Work Experience

Lead Data Scientist - since Jan 26

SWISS Intl Air Lines

- Drove formation of new team focused on analytics and causal inference for measuring the impact of digital experience of LHG travellers.

Principal Data Scientist - Jan 24 to Dec 25

SWISS Intl Air Lines

- Designed and implemented online A/B tests.
- Measured performance (both ATE and CATE) of digital products and initiatives for LHG web and app users.
- Observational causal inference: impact evaluation in settings with selection into treatment.
- Played a lead role in Data Science Communities of Practice (e.g. organized GenAI hackathon at Microsoft HQ).
- Collaborated closely with business stakeholders to understand and address complex requirements.
- Educated management to understand challenges and opportunities with complex data and ambiguous problem space.
- Assumed the role of Product Owner, driving product vision and strategy in agile setup.
- Technical interviewer at entry level.
- Presented at internal conferences.

Data Scientist - Sep 21 to Dec 23

SWISS Intl Air Lines

- Built recommender systems for destinations and ancillary airline products.
- Deployed ML models, pipelines and APIs to production environments.

Teaching Assistant - Sep 17 to Jan 21

University of Zurich

- Lectured, assisted and prepared teaching material for MS.c. level Econometrics core course (causal inference and causal ML).

2021 Ph.D. Economics, summa cum laude

University of Zurich

2016 M.Sc. Economics, summa cum laude

Bocconi University, Italy

2013 B.Sc. Economics

Bocconi University, Italy

Other

- **Languages:** Italian (native), English (fluent), German (intermediate)
- **Miscellaneous:** Former competitive skier, competitive swimmer and athletics trainer. Triathlon beginner. Mountain lover. Proud daddy.
